Wisconsin News in Brief.

The trouble between the board of education of Racine and the Sons of Veterans in that city has resulted in the resignation of School Commissioner Ben Emmlinger of the First ward; it has also led to a rule being passed by the board prohibiting the sale or distribution of tickets on school premises. The Sons of Veterans and the G. A. R. feel very bitter as they say that a short time ago nothing was said when tickets were sold for a church fair.

The following deaths are reported:

Jennie B. McKerrow, daughter of Superintendent of Farmers' Institutes; George McKerrow of Pewaukee, aged 19; William Baikie of Peshtigo, aged 27; Mary Hommelson, an old resident of Racine, aged 72; Mrs. Catherine Biele, a resident of Waterloo for over sixty years, aged 95.

A warrant has been issued at Eau Claire for the arrest of R. E. Sherwood of Duluth, who is charged by State Treasury Agent Robert Parker with selling books in Eau Claire as a transient dealer. Sherwood claims that the bookstore of which he has charge at Eau Claire belongs to the Oh-pewa Valley Book company.

Yesterday at Waupaca subpoenas were issued for a number of witnesses to appear at the inquest which is being held over the death of Miss Bunnis, who was brought home dead last

week, and who is thought, died from criminal operation. The matter will be thoroughly investigated.

At La Crosse all saloon keepers have been notified that doors must be promptly closed at 12 o'clock in the future. The enforcement of the ordinance had been very slack in the past and saloons remained open to suit themselves.

The report of the Fox River Valley Humane society shows that sixty-six cases of cruelty to persons, and eighty-eight cases of cruelty to animals were reported to the society during 1897. This is a falling off of 50 per cent.

Captain Scott of the La Pointe Indian agency has gone to Omaha to hold a conference with the Black River Indians in regard to improvements on the reservation at that place. Roads and wells are needed.

Hugh Davis, who was born and raised in Racine, is now wanted by an attorney of that city. The attorney has received word that Davis has fallen heir to a fortune in Connecticut.

The president of the Beloit Iron works will soon leave for a trip to Sweden to negotiate for furnishing two paper making machines for a factory in that country.

The veterinary hospital of Dr. A. F. Norton of Stevens Point, was nearly destroyed by fire yesterday morning. The fire is thought to have been of incendiary origin.

Mrs. Mary Smader, an old woman of Caledonia, fell down stairs at her home and was so seriously injured that her recovery is doubtful.

Music hall of Pardeeville, took fire from an overheated stove. The flames were discovered in time to prevent much loss.

The residence of William Evans and John Baker of Eau Claire, was damaged by fire to the extent of \$2,500.

The plant of the Brilliant Furniture company is to be run day and night to fill orders.

The Rev. H. S. Robbe of the Congregational church at Kenosha has resigned his pastorate.

A flour handler was seriously hurt at the F. & P. M. dock at Manitowoc.

Louis Muenzel, of Stanley, a tempted suicide by drinking chloroform.

W. H. Thompson was assaulted and robbed at Baraboo.

SCHADER SHOWS UP WITH SAME GAME

HOSPITAL IMPOSTOR WORKS AT CHICAGO.

Man Who Pretended He Was Sick Here, Undergoes Two Operations at Evanston in Order To Get Morphine, and the Police Take Him In Charge.

Joseph Schader, the man who pretended he was ill in order to get good living at Oak Lawn and Palmer hospitals in this city last summer, has been heard from. After Schader left here he went to Chicago. He submitted to two operations for appendicitis in order to obtain morphine at the Evanston emergency hospital and was recently discovered in a similar prank. Under the name of Miller Schader he rented rooms at a boarding house and pretended he was suffering from peritonitis. His identity was not suspected until he manifested a violent desire for morphine.

Dr. Stevens, who operated on him before, was summoned in the morning and recognized him as the man who hoaxed the trustees of the hospital by making a will bequeathing an imaginary fortune of \$20,000 to the institution. When it seemed probable that Schader would recover inquiry was made of a Minneapolis bank in which he was denounced as an imposter. As soon as the discovery was made Schader was taken to the county hospital.

Got Religion.

He reappeared in Evanston last Friday, well dressed and with a prosperous air. He went to Mrs. M. J. Boyer's boarding-house, Chicago, and Orange Avenue, and engaged rooms, saying that he was in the employ of the Evanston Gas company, that his name was R. S. Miller and that his father occupied a responsible position with the Pullman Car company. Sunday Schader went to a meeting of the American volunteers and was converted, the ceremony being accompanied by vociferous protestations of affection for the leader, Captain Smith, on the part of the proselyte. On his way home that evening he fell on the sidewalk in front of the Young Men's Christian Association building, sustaining severe bruises.

Dr. Bragon was summoned and said Schader's injuries had caused peritonitis and that his condition was beyond hope. Dr. E. P. Clapp was also called and the services of a trained nurse were enlisted.

Had a Real Tantrum

Monday night Schader raved so that it took the united efforts of several men to hold him. Finally Dr. H. B. Hemmingway was called and after it had been decided that Schader could not live until morning a hypodermic injection of morphine was given him. Half an hour later Schader discharged his other doctors and announced that Dr. Hemmingway was the best physician in Cook county. His temperature soon went from 106 to nearly normal and before morning he had made three proposals of marriage to the nurse.

When he was identified by Dr. Stevens he admitted he had simulated illness solely for the purpose of obtaining morphine.

Schader has few friends now in Evanston. He has no money and Mme. Boyle has rented his rooms. He will probably be taken in charge by the police.

While here Schader wanted an operation performed for appendicitis, and at one time the doctors were all ready to perform the operation. Later they became suspicious, and Schader was sent away. He told all sorts of fairy stories while here.

Y. M. C. A. TO BUY PROPERTY

Secures Option on \$10,000 Piece at Madison

Madison, Feb. 2—Prof. C. A. Van Velzer and Prof. C. F. Cronk are soliciting funds for the Y. M. C. A. which is endeavoring to raise sufficient money to purchase the vacant piece of property 132 x 132 feet bounded by East Mifflin and North Fairchild streets. The association has secured an option running 20 days, the price being \$10,000 and the terms \$1,000 cash and the balance in annual payments.

POSTOFFICE ROBBER SENT UP

Frank Hetzel Is Sentenced For Work Done At Judds

Madison, Feb. 2—Frank Hetzel, the Judds postoffice thief, who is now confined in the Dane county jail, pleaded guilty to the charge of burglarizing the postoffice and was sentenced to thirteen months in state's prison. The sentence is considered a moderate one. Hetzel recently made an attempt to escape from the Dane county jail but was unsuccessful.

The date of the convention and reunion has not been fixed.

WISCONSIN TOBACCO MARKET

Shipments the Past Week From Edgerton 350 Cases

Edgerton, Wis., Feb. 2—Indications are developing looking towards a more general movement of the tobacco crop. Several Eastern firms who are heavy operators in Wisconsin leaf, have entered the field, and buying is gaining a good deal of headway in many of the growing sections.

Something like 1000 cases have been sold

BELoit MEN GOING TO THE KLONDIKE

DUNCAN McCALL TO KEEP A STORE.

Line City Woman Will Soon Join Her Husband at Dawson City—Evansville People Also Make Plans—Some Other News Gathered in the County.

Beloit, Wis., Feb. 2—Duncan McCall, an elderly farmer, converted his holdings into cash and left Beloit last fall for Sitka. He said he was going by way of Canada to avoid duties. He expects to keep a store somewhere in Alaska. A. H. Brown, an old Beloit boy, who has been a railway engineer in Montana for years, and has been visiting in this city this winter, left this week to join a party of Western miners who are going to Alaska. Harry Hires, a machinist at the Berlin Machine Works, threw up his job this week and went to his home in Illinois to make ready for a trip to Alaska.

A Woman To Go.

Mrs. H. L. McCurdy, a bright woman of thirty, who has been assisting her brother in the grocery business in this city, for a few months, is soon to set out to join her husband who is at Dawson City. Mrs. McCurdy formerly came from Lancaster, this state. Mr. McCurdy was a traveling salesman, and left last summer for the Klondike. His wife will take a large supply of provisions. He writes hopefully of the prospects before him of making money. Beloit has one citizen succeeding in the Klondike region, John Crist, who left several years ago, and drifted to Alaska to work at his trade, that of bridge building. Later he followed mining and is now located at Dawson City earning big wages at his trade and having paying claims. F. H. Behl, a well known mechanic, expects to go next month.

Evanston Men Going

Evanston, Wis., Feb. 2—O. M. Fuller, living a few miles from here, will start for the Klondike this month. From this city Frank A. Baker, Harry Benwig, Jay Root, George Mihill, John Pifer and William Campbell talk of going to Alaska. Mr. Baker is an old time miner.

NORTH JOHNSTOWN WOMAN DIES

Mrs. Isaac Titus Passes Away—Some Other News Notes.

North Johnstown, Feb. 2—Mrs. Isaac Titus died at her home in this vicinity, Friday morning. Funeral services were held at the M. E. church, Milton, of which she was a member, Sunday. She leaves a husband and one daughter to mourn her loss. Mrs. Alfred Pitt is very sick with measles. The children who have had them, are recovering. The W. C. T. U. meeting is with Mrs. Aldrich, Thursday afternoon. Remember the medal contest at the M. E. church, Lima Center, Saturday evening next. The snow storms and high winds of the past week have kept the roads in a bad condition. It has required a great deal of plowing and shoveling to keep them fairly passable. Mrs. Esther Snow and daughter Carrie, of Viola, are visiting at H. Tooker's. Mrs. Snow is a sister of Grandma Tooker. David and Charles Titus of Palmyra, came out, Sunday, to attend the funeral of their stepmother. William Willis is very sick, with inflammation of the bowels. A number from this vicinity attended the Farmers' convention at Milton Junction, last week. The Medal contest, under the direction of Mrs. H. E. Oxborn, at Johnstown Center, Saturday evening, was a grand success. The house was filled with an appreciative and enthusiastic audience. The contestants with one exception did themselves great credit and showed much improvement over their former effort. Miss Grace Ron won the medal. The music by the prohibition male quartet was of the highest order of merit and well deserved the round after round of applause which it received. The competent judges rendered a satisfactory decision and altogether the contest was a pronounced success. Rev. M. C. Mintz of Evansville, will deliver a lecture on India at the church here Tuesday evening of next week. An admission fee will be charged and the lecture will be followed by an oyster supper.

Emerald Grove News Notes.

Emerald Grove, Feb. 1—The Sunday school will give a concert on next Sunday evening, Feb. 6. The public is cordially invited. I. E. Dennis has been having some correspondence with Seattle parties concerning the disposal of his St. Bernard dog "Plato" for Klondike purposes. A pleasant gathering occurred at the home of Mr. and Mrs. James Scott on last Friday evening. Music, games and refreshments were indulged in until the first morning hours were ushered in.

Mrs. Margaret McLay died at the home of her sister, Mrs. David Barnes, Sunday evening, January 30. For some time she had been in poor health, and on last Friday, was stricken with paralysis, from which she failed to rally. The past week has been a stormy one, with snow and wind enough to keep the roads full, making traveling on the roads almost impossible. C. D. Fitch and Kneland Brothers are filling their ice houses. J. R. Lamb, Will A. Deane and J. A. McArthur shipped steaks to Chicago last week. Gloves and mittens at bottom prices at Gillis & Jones'. Hans Hanson and Gilbert Larson are visiting near Cookeville. Miss Lillie Westby is visiting in Hunter, Illinois. Mr. and Mrs. C. D. Fitch were sur-

prised by about thirty of their neighbors last Friday evening. They came with refreshments both substantial and dainty, which were served at midnight. The gathering was a very pleasant one. Among the company were Mr. and Mrs. Barr Armstrong of Fort Atkinson.

Fairfield News Notes

Fairfield, Feb. 2—Drifted highways and delayed mails make country items an uncertainty these days. Our citizens do not intend to be outdone by the surrounding towns in the prevailing epidemic of measles. Among the participants are Mrs. Eugene Flowers, Mrs. J. D. Waterman, E. G. Chestnut and son Oscar. Miss Nettie Coon of Milton has been spending the past two weeks with her sisters, Mrs. Wetmore and Mrs. Stephen Serl. The village school is much broken up by the measles scare. George Palmer returned to Iowa last week, after enjoying a pleasant visit with relatives and friends at this place. Mrs. J. C. Serl is at Johnstown caring for her daughter and family through a spell of measles. Milton Wilkins attended church at Emerald Grove, last Sabbath. Those who braved the drifted roads, last Wednesday evening, enjoyed a complete surprise, given to Mrs. Jobz McArthur, of Emerald Grove, on her birthday. A bountiful oyster supper was served and at late hour the company departed. The friends of Mr. and Mrs. S. D. Serl gave them a very pleasant party on Thursday eve, Jan. 20. Mr. Donald Worthington of Racine arrived last Saturday to take charge of the creamery, Feb. 1.

WEDDED TWENTY YEARS

Celebration of Mr. and Mrs. A. A. Miller's Twentieth Anniversary

In the Crookstown, (Miami) Times mention is made of the celebration of Mr. and Mrs. A. A. Miller's twentieth wedding anniversary. Mr. and Mrs. Miller both graduated from Milton college and have many friends in Rock county. The Times says:

"The response to the invitations so graciously extended by Mr. and Mrs. A. A. Miller to their friends to call and congratulate them upon the occasion of their twentieth wedding anniversary was quite general, very few who were bidden denying themselves the pleasure of attending the prettiest function of the present social season.

The guests of honor were Mr. and Mrs. J. C. Page of McIntosh, and Mr. and Mrs. O. J. Barnes of Grand Forks. The beautiful Miller residence was brilliant with electric lights, and was lavishly decorated almost throughout with holly and cut flowers. The front parlor, wherein the guests were received was decked with carnations and pink chrysanthemums. The inner parlor with yellow and white chrysanthemums, while the sitting room was beautified by a lavish display of heliotropes, carnations and roses. In the inner parlor was a table presided over by Mrs. F. W. Hall, at which coffee and chocolate were sipped, and in the sitting room dainty cakes and confections were served. Subdued music was a feature of the entire evening, the piano which was presided over by Miss Grace Hawes, being partially concealed in a corner of the inner parlor, banked with palms and rare plants. China predominated in the remembrances, which were rare and beautiful. The 20 years of wedded life have rolled lightly along their pathway, and Mr. and Mrs. looked the pleasure they felt last evening in greeting their friends and listening to the wishes for their continued long life and happiness.

SKILL BEATS SYSTEM.

SAY SENATORS ARE PLEDGED.

Fifty-nine Reported to Be in Favor of Ratification of the Treaty—Unintended Sessions of the House and Senate—Washington News.

Washington, Feb. 2.—Senator Davis of Minnesota, in charge of the Hawaiian annexation treaty, Tuesday announced that he was ready to vote on the treaty whenever the opposition would permit. He declared that he had the fifty-nine votes necessary for its adoption.

The senator will not give the names of the senators who will support the treaty, but it is known that Senator Morrill of Vermont will not vote, because he does not wish to be the only Republican to oppose the wishes of the administration. As one seat in the senate is vacant owing to the failure of Oregon to elect a successor to Mr. Mitchell, there will be only eighty-eight votes cast on the final vote, of which fifty-nine is the necessary two-thirds.

Confidence is shown in the determination of the friends of ratification to press forward the treaty to a final vote. This feeling was shown when the proceedings of the senate on the treaty in executive session Tuesday were opened. Senator Thurston made a motion for the postponement of further consideration of the treaty until March 1. The motion was not discussed at length, and was voted down viva voce.

More Money for the Militia.
Washington, Feb. 2.—The house will have an opportunity to vote on the question of increasing the annual appropriation for the national militia from \$400,000 to \$2,000,000. An incorrect report has gone abroad to the effect that the labor organizations of the country are opposing the bill, fearing the militia may be used against them in case of strikes. This rumor is totally without foundation. There has not been a single protest made to the committee by labor organizations.

Short Session of the Senate.
Washington, Feb. 2.—The feature of the short session of the senate Tuesday was a statement made by Mr. Clark (rep., Wyo.), as a matter of personal privilege, concerning his vote in favor of the Teller resolution. He maintained that his vote was in no way inconsistent with his republicanism, and declared he would not permit anybody to read him out of the party, as he was satisfied the masses of the party would not convict him of political heresy.

National Debt Statement.
Washington, Feb. 2.—The monthly statement of the public debt, issued Tuesday, shows that at the close of business yesterday the debt, less cash in the treasury, amounted to \$1,011,701,338, an increase for the month of \$12,539,771. This increase is accounted for by the decrease in the amount of cash on hand.

In the House.
Washington, Feb. 2.—The house Tuesday devoted most of the session to the District of Columbia appropriation bill, but had not completed it at the time of adjournment. Before the district bill was taken up several bills and resolutions of minor importance were passed.

National Bank Notes in Use.
Washington, Feb. 2.—The monthly statement of the comptroller of the currency shows the total circulation of national bank notes on Jan. 31, 1898, to have been \$226,444,906, a decrease for the year of \$8,563,179, and a decrease for the month of \$2,485,375.

Bigramists Are Safe in Iowa.
Council Bluffs, Iowa, Feb. 2.—The Iowa code, in its revised form, shows a curious omission, in that it prescribes no penalty for bigamy, and in fact does not prohibit a plurality of wives. All preceding sections bearing on this subject were repealed by the new clause which was inserted in the new code, with the idea of conforming with the divorce laws of the Eastern states.

Nothing but the repealing section was engrossed, so the great state of Iowa becomes an inviting place for any man who cares to have more than one wife. The legislature is expected soon to remedy this defect as far as possible.

Will Fight the Fee System.
Lansing, Mich., Feb. 2.—Delegates from the boards of supervisors of twenty counties in the convention here for the purpose of recommending legislation that will tend to decrease county expenses, which have increased alarmingly in almost every county in the state during the last decade. The evil is generally attributed to the fee system. The opinion is that the remedy lies principally in paying a salary to every official and providing that all fees shall be covered into the county treasury.

National Fishery Congress.
The national fishery congress at Tampa, as indicated in the call of the governor of Florida, is to consider the means to maintain an increase of the supply of fish in the rivers, lakes and coastal waters of the country, the relations of legislation and protection to the economic fisheries, artificial fish propagation, the interests of the angler, a fly casting tournament and the organization of an international fishery association, having for its purpose the promotion of friendly relations and the interchange of ideas among those interested in fishing and fish cultural matters in various parts of the world.

New Boat For Cornell.
George E. Webb, a Worcester boatbuilder, has been awarded a contract to construct a cedar shell for the Cornell crew. The shell will be 63 feet in length and the width will depend on the weight of the crew that will row in it. A cedar shell has never been used before by Cornell in a

Lattimer Trial Begins.

Wilkes-Barre, Pa., Feb. 2.—The trial of James Martin, high sheriff of Luzerne county, and his eighty deputies on charges of murder and felonious wounding was begun at the county courthouse here Tuesday, Sept. 10, a collision took place at Lattimer between Sheriff Martin and his armed deputies and a body of striking miners. Twenty miners were killed and fifty wounded. Subjects of Austria, Italy and Germany were among the killed, and these countries are awaiting the outcome of the trial to make claims for damages upon the United States.

Ohio Bribery Investigation.
Columbus, O., Feb. 2.—Two hackmen were examined Tuesday by the senate committee investigating the alleged bribery charges. The purpose of the testimony was to show that H. H. Boyce, who is alleged to have attempted to bribe Representative Otis, came to Columbus on the afternoon of Jan. 10, inauguration day, and met Maj. Rathbone, one of Senator Hanna's lieutenants. The hackmen told about having driven two men around the city, but could not describe either of them, nor did they hear any conversation that would give any clue to the identity of the two men.

Point for Law Students.
Springfield, Ill., Feb. 2.—The senate was in session only five minutes on Tuesday. The house joint resolution asking the supreme court to modify the rule recently promulgated, making the law students' course three years, so that it will not apply to students who were at their studies prior to the promulgation of the new rule was adopted.

Counterfeit \$2 Silver Certificate.

Kansas City, Feb. 2.—Agents of the government secret service are in Kansas City investigating the appearance here of counterfeit \$2 silver certificate. The bill is the \$2 silver certificate that bears the picture of the late Senator William Windom, series of 1891, check letter C, plate 19, J. Fount Tillman, register, and D. N. Morgan, treasurer. The character of the bill is very fine, and it is an extremely dangerous counterfeit.

FREE TO MILLIONS.

A Valuable Little Book Sent Free for the Asking.

Medical books are not always interesting reading, especially to people enjoying good health, but as a matter of fact scarcely one person in ten is perfectly healthy, and even with such, sooner or later sickness must come.

It is also a well established truth that nine-tenths of all diseases originate with a breaking down of the digestion, a weak stomach weakens and impoverishes the system, making it easy for disease to gain a foothold.

Nobody need fear consumption, kidney disease, liver trouble or a weak heart and nervous system as long as the digestion is good and the stomach able to assimilate plenty of wholesome food.

Stomach weakness shows itself in a score of ways and this little book describes the symptoms and causes and points the way to a cure simple that anyone can understand and apply.

Thousands have some form of stomach trouble and do not know it. They ascribe the headaches, the languor, nervousness, insomnia, palpitation, constipation and similar symptoms to some other cause than the true one. Get your digestion on the right track and the heart trouble, lung trouble, liver disease or nervous debility will rapidly disappear.

This little book treats entirely on the cause and removal of indigestion and its accompanying annoyances.

It describes the symptoms of Acid Dyspepsia, Nervous Dyspepsia, Slow Dyspepsia, Amylaceous Dyspepsia, Catarrh of Stomach and all afflictions of the digestive organs in plain language easily understood and therefore removed.

It gives valuable suggestions as to diet, and contains a table giving length of time required to digest various articles of food, something every person with weak digestion should know.

No price is asked, but simply send your name and address plainly written on postal card to the F. A. Stuart Co., Marshall, Mich., requesting a little book on Stomach Diseases and it will be sent promptly by return mail.

THIS DAY IN HISTORY

1651—Sir William Phipps, famous as governor of Massachusetts, born in Pemaquid, Me.; died 1695; he had 20 brothers and 5 sisters.

1848—Treaty of peace between the United States and Mexico signed at Guadalupe end of Mexican war.

1884—Wendell Phillips, abolitionist and general radical, died in Boston; born there 1812.

1886—General David Hunter, a veteran of the Union army, died at Washington; born there 1802.

1888—Mary Howitt, English authoress, died at Rome; born 1804.

1804—The famous war corvette Kearsarge, which vanquished the Confederate cruiser Alabama in 1864, wrecked during a storm on Roncador reef, in the Caribbean sea.

1807—Infanta Marie Fernando (Duchess de Montpensier) of Spain, sister of Queen Isabella, died in Madrid; aged 65.

MUST NOT WORK FOR BANKS.

National bank examiners are no longer permitted to make special examinations of banks assigned them for regular examination. In the last few years certain national banks desiring to get special examinations and reports for their own use have employed the national bank examiners of their own district to perform this work.

While no criticism is made upon the practice which has heretofore obtained in this line, Comptroller Dawes wisely put an end to it, believing that this action would obviate the possibility of bank examiners being influenced through this special employment to in any way modify the strictness of their official duties with reference to any bank within their jurisdiction.

BIG RUBBER PLANT BURNS.

The Loss of \$709,000 Last Night at Naugatuck, Conn.

Naugatuck, Conn., Feb. 2.—A fire which broke out in the fourth story of the reclaiming plant of the United States Rubber company shortly after 10 o'clock Tuesday night practically destroyed the entire plant, entailing a loss of more than \$700,000, partly covered by insurance. The building was of brick, four stories in height, about 75 feet wide and 400 feet long. It was the largest reclaiming plant in the country and was considered practically fireproof.

Syndicate Gets Coal Lands.

Charleston, W. Va., Feb. 2.—A New York syndicate representing millions of dollars has secured options on nearly all the coal property on New River, and is negotiating for the remainder, with the intention of controlling the entire output, amounting to over 3,000,000 tons of coal and nearly 400,000 tons of coke annually. The object is to not only control the product, but freight rates also.

Mr. Dole to Visit Buffalo.

Washington, Feb. 2.—President Dole has accepted an invitation to visit Buffalo as the guest of the Pan-American Exposition company. He will leave Washington next Monday evening at 7:30 o'clock, accompanied by Mrs. Dole and his suite and also by Mr. Hatch, the Hawaiian minister, and Lorin A. Thurston. The party will be entertained in Buffalo at a banquet Tuesday evening.

Passengers Are Shaken Up.

Meadville, Pa., Feb. 2.—A broken frog at the Race street crossing threw the Chicago-New York vestibule limited express off the Erie track Tuesday morning. Fortunately the train was pulling out at moderate speed, hence a general shaking up of passengers and disabling of two Pullman sleepers was the extent of damage. The track was blocked three hours.

For Soliciting a Bribe.

Minneapolis, Minn., Feb. 2.—Judge Elliott of the district court declined to grant a new trial to Alderman George A. Durnam, convicted of soliciting a bribe. Unless the supreme court overrules this decision Durnam will have to serve a term in the state penitentiary.

Puts and Calls Are Barred.

New York, Feb. 2.—Official announcement was made on the Stock Exchange Tuesday that trading by members in "puts" and "calls" is a violation to the regulations of the Stock Exchange, and will be punished by a fine or suspension.

To Be Decided Today.

Springfield, Ill., Feb. 2.—This is the day of fate for the house revenue bill and the primary election bill. Both measures were advanced to third reading Tuesday, after long debate in two sessions of the house, the last sitting continuing till 7 o'clock in the evening.

New Strike in Alaska.

Winnipeg, Man., Feb. 2.—News has reached Regina that the first party of persons bound for the Yukon by the Prince Albert route have found gold in large quantities in the Hay, Buffalo and other rivers running into Great Slave Lake, 700 miles from Prince Albert. The news comes through Bishop Paschal, and is considered reliable.

Kansas Temperance Union.

Topeka, Kas., Feb. 2.—The annual convention of the State Temperance Union opened here Tuesday. The attendance numbers several thousand, churches, Sabbath schools, young people's societies and other organizations, in addition to the union proper, being represented. The specific purpose of the meeting is to perfect plans for a vigorous and aggressive non-partisan campaign during the coming year. There is being distributed an address signed by 100 prominent men from all over the state, headed by ex-Senator Peffer, in which they declare the time is at hand for a great nonpartisan temperance revival throughout Kansas.

Cripple Creek Gold Output.

Colorado Springs, Col., Feb. 2.—The gold production of the Cripple Creek district during the month of January was, in round figures, \$1,200,000. The dividends declared by eleven mining companies, operating there, amounted to \$146,000, while fully \$75,000 more was cleared up by mines under private ownership. The production is steadily increasing, and there will soon be other dividend payers on the list. The stock market has been fairly active, but prices low.

Ex-Senator T. C. Hagle Ill.

Springfield, Ill., Feb. 2.—Word has been received at the office of the attorney general that ex-Senator T. C. Hagle, first assistant attorney general, is not expected to live, and that he can not survive more than three or four days longer. Senator Hagle was taken ill in Springfield about seven weeks ago with pleurisy. Since that time he has been gradually growing worse. His physicians say he is suffering from a complication of diseases of the stomach, liver and spleen.

Tribesmen Lose Heavily.

Bombay, Feb. 2.—A dispatch from Mamanai gives further details of the disaster last Saturday to the Fourth Brigade of British troops operating on the frontier near Shinkamar. General Westmacott, who has just returned to Mamanai, after visiting the scene of the fighting, recovered twenty-two bodies of the British slain and inflicted heavy loss upon 300 of the enemy who opposed him. The British force lost one man killed and had eight men wounded in the latter engagement.

Not Going.

"I would go with you to the end of the earth," he asserted passionately. "Not with me, you wouldn't," she replied coldly.

"Why not?" he demanded.

"For two reasons," she answered. "One is that I'm not going, and the other is that there isn't any."

EAR SIR—I have made a very careful and elaborate chemical analysis of twenty-seven Baking Powders received from the hands of Mr. Merck, your clerk, and have the honor to report the following table of figures:

	Soluble Ash.	Insoluble Ash.	Total Ash.
S. W. & Co.'s Perfection...	39.00	0.06	39.06
Widely Advertised Baking Powder No. 1...	36.18	0.12	36.30
Widely Advertised Baking Powder No. 2...	36.10	0.12	36.22

A known and weighed quantity of Baking Powder was incinerated in a silver crucible until only a gray residue was left. This is the total ash. It was carefully removed to a glass vessel and acted upon by hydrochloric acid and distilled water at the boiling point; what dissolved in that menstruum has been called soluble ash, and that which did not, insoluble ash.

I have the honor to be, sir

Yours Very Respectfully,

ODD FELLOWS LOSE IN CIRCUIT COURT

MUST PAY INSURANCE ASSESSMENTS.

Judge Bennett Finds For the Plaintiff in the ActionAppealed From the Justice Court—Stay Asked For by Defense—Take No Appeal at Present.

From the circuit court of Rock county a much disappointed lot of Odd Fellows slowly wound their way this morning after hearing the final verdict of the court in the case of J. L. Fulmer, assignee of the Wisconsin Odd Fellows' Mutual Life Insurance company vs. John Stockman.

The court found for the plaintiff for the full amount asked for—or \$37 58 and interest. Sutherland & Nolan in behalf of the defendant then asked for and were granted a sixty day stay and a motion for a new trial was at once made.

The decision is a hard blow to the ninety members in the county who will either now have to go through the same proceeding themselves or wait the final outcome of the present action, which will either result in a new trial, a settlement, or an appeal to the supreme court.

The present case was tried before a jury in Justice M. P. Richardson's court on October 6, 1897, the amount asked for in the way of back assessments being \$43 50.

The jury after spending considerable time in the matter, managed to bring about a compromise, finding for the plaintiff in the sum of \$17 40 damages with costs, or a total of \$42 04. Not satisfied with this result, the plaintiffs had appealed the case. When the trouble first came up there were 180 summons issued for Odd Fellows in this county, forty of which the company were unable to serve for the reason that the members had either moved away or died. Soon after the issuing of these papers ten members settled for sums that ranged all the way from \$5 to \$40. Out of the remaining cases the company got judgment against forty which still leaves pending cases against ninety members. These came before Justice Richardson on Monday, February 7. Attorney Lyon representing the Milwaukee law firm of Quarles, Spence & Quarles, who, with Danwiddie & Wheeler, appeared for the plaintiff, stated this morning that he was well satisfied with the outcome and that it was no more than he expected.

Attorney T. S. Nolan of Sutherland & Nolan said this morning that no appeal could be taken in the case for the present for the reason that they will first await the outcome of a similar case from Oshkosh that is now pending before the supreme court.

In the matter of the estate of William Drummond, deceased, the court ordered that the decision of the county court be affirmed and that the records and papers herein be transmitted to the county court for further proceedings according to law. A stay of proceedings for fifteen days was granted.

Judgment of foreclosure in favor of the plaintiff for \$565, damages \$25, solicitors fees, and costs to be taxed at \$56 61, was ordered in the case of Patrick Gagan vs. John M. Heck et al.

NAMES ON THE ROLL OF DEATH

Funeral of Z. L. Newell.

The funeral of Zina L. Newell was held from the home this morning at 11 o'clock, Rev. Edward H. Pence officiated and the remains were taken to Valley Junction, Nebraska, where a son, Linn Newell, resides, and where his wife is buried, for interment.

Mr. Newell was sixty-one years of age, and was a man universally respected. He was a member of the Presbyterian church and a faithful worker in the cause. His wife preceded him to the home beyond about four years ago, but he leaves six children, three sons and three daughters. Four of his children are residents of Janesville, they being Mrs. H. A. Dow, Miss Grace Newell, Miss Daisy Newell and Ernest M. Newell.

The body was taken to the old home at Sculer, Nebraska, to be laid beside his wife, who was laid to rest three years ago.

His sorrowing family and his many friends are living witnesses to the earnest Christian life that he lived. His seventy-one years were filled to the fullest with such deeds as won the Master's approval. His cheerful, loving disposition was one that made the whole circle of friends and relatives feel that his presence was a blessing to all whom he met.

Funeral of Mrs. McLay.

Numerous friends assembled at the David Barlass homestead in the town of La Prairie this morning at 11 o'clock to pay their last respects to the late Mrs. Margaret McLay. At 11 o'clock services were held from the residence the interment being in the cemetery at Johnstown. Owing to the poor condition of the roads many from the city were prevented from being in attendance.

FIFTH WARD SCHOOL DAMAGED BY FIRE

LOSS WILL BE ABOUT A THOUSAND DOLLARS.

Pupils Had Been Dismissed Early, and None Were in the Building—Structure Was at One Time Threatened with Destruction—Caught From a Hot Air Flue.

The Douglass school building was damaged by fire to the amount of \$1,000 this noon, the blaze catching from a hot air flue.

The loss is insured.

There was no recess at the school this morning, owing to the severe weather, and for this reason school was dismissed this noon several minutes earlier. But for this fact a panic would doubtless have followed the discovery of the fire.

No sooner had the scholars filed out of the school and down the steps, when Miss Ida Smith, one of the teachers, discovered black smoke pouring forth from several of the hot air registers. A hurried investigation showed that the trouble was in the cellar, and without further loss of time, Miss Minnie Joyce, the principal, telephoned to Prof. D. D. Mayne who was at the High school building. An alarm was then sent in and the fire company responded. Chief Spencer and his men found a hard fire to fight on account of its being in the basement, the flames running through the flues.

That the building was not filled with children was a relief to them, and when told that there was not a single child within the walls they started in to fight a blaze that at one time threatened the destruction of the entire structure. After an hour's hard work, in which time volumes of water were poured into the building, the firemen had the fire under control.

An investigation of the cellar was then made when it was found that the blaze caught fire from an overheated pipe that soon communicated flames to the cold air box above the furnace. From this the flames soon found their way to the floors above by way of the flues.

The total loss will probably reach \$1,000 which is fully covered by insurance.

The Douglas school is situated in the Fifth ward at the corner of Linn and Galena streets.

Prof. Mayne said this afternoon that all but the first grade will meet tomorrow morning as usual at the Douglass school.

FIRE AT ALLEN GROVE

Mrs. A. E. Green Notified of the Destruction of Her Home This Morning.

Mrs. E. A. Green, who resides with Mr. and Mrs. R. R. Sherman on Crosby street, has received a telegram announcing the total destruction by fire of her home at Allen Grove.

A portion of the house was occupied by a family and to this fact alone she owes the saving of a greater portion of the furniture. The loss will reach \$1,000. The insurance is unknown.

MARK THEIR WEDDING DAY

Mr. and Mrs. J. J. Kendall To Celebrate Next Monday.

Dressed in the same clothes that they were married in twenty-five years ago next Monday, Mr. and Mrs. J. J. Kendall of 289 South Main street, will celebrate their silver wedding anniversary Monday evening at their South Main street home.

Numerous relatives and friends have been invited and the occasion promises to be an odd and enjoyable one. MARK SIXTIETH ANNIVERSARY

Mr. and Mrs. Abram Phelps Have Been a Long Time Wed

Mr. and Mrs. Abram Phelps marked their sixtieth wedding anniversary yesterday at their home, 155 Pleasant street. Owing to the recent absence of their son, Judge M. M. Phelps, the celebration was a very quiet one.

Mr. and Mrs. Phelps are among the most respected of Rock County residents, and that they may live for many years to come is the wish of all who know them.

Rockland, Me., Feb. 2—[Special]

—The storm has stopped traffic and no trains are moving.

In Michigan

Lansing, Mich., Feb. 2—[Special]

—All trains in Michigan have been generally behind time today owing to the drifting snow, the east and west roads being particularly unfortunate. Traffic is seriously impeded throughout the state, the storm being the worst of the season.

Cold At Chicago.

Chicago, Feb. 2—[Special]

—This was the coldest day of the winter in Chicago. The thermometer is still falling, and colder weather is predicted.

Rhode Island.

Providence, R. I., Feb. 2—[Special]

—Three feet of snow have fallen and have blown into immense drifts. Railroads are blocked.

A SCORE OF LIVES LOST.

RUSSIAN TROOPS MASSING.

Property Loss Will Foot Up Hundreds of Thousands of Dollars—City of Boston Isolated for Hours—Severe in the Northwest.

New York, Feb. 2.—Lives have been lost; hundreds of thousands of dollars' worth of property have been destroyed and all branches of business paralyzed by the fierce storm which exhausted its fury Tuesday afternoon on the New England states.

Not in twenty-five years has there been a storm of such severity. It will be days before anything like an accurate estimate can be made of the damage inflicted. It will be weeks before the effects of the storm will have passed away.

More than a score of lives have been lost along the New England coast. At least thirty coastwise and fishing vessels are reported as having been wrecked, while as many more are missing. During the storm many craft were driven ashore, and it is still too early to compute the amount of money thus lost or the number of fishermen who perished in the gale.

Astonishing figures will be needed to tell the story of the great loss in New England. In Boston alone the street railroad companies declare that their losses will amount to upwards of \$500,000. It is a conservative estimate that the loss sustained by vessel owners and shippers will amount to \$250,000 more. Added to this sum will be the tremendous loss sustained by other interests.

All mails are delayed, the railroads have abandoned their train schedules, and telephone and telegraph wires are breaking in all directions under the load of snow and ice.

The suffering in this city has been and is something awful, but so long as the streets remain open to traffic the relief work which is being carried forward by charity organizations will go far toward alleviating the distress of the homeless and the tenement population.

None of the New England states escaped the force of the storm. New Hampshire and Vermont are having the most severe winter in twenty years. Following temperatures ranging from twenty to thirty degrees below zero, the storm came and completely paralyzed all railroad and telegraphic communication. Drifts thirty feet deep are reported from the hill towns, and railroad trains have been stuck in the snow for more than twelve hours.

Many mills and factories made no attempt to run Tuesday, and "no school" signals were hoisted in twenty-eight of the thirty-three cities in New England.

Worst Blizzard in Years.

Valparaiso, Ind., Feb. 2.—This city and the northern part of this county was visited Tuesday by the worst blizzard in years. Snow fell to a depth of two feet and traffic was suspended. In the southern part of the county the temperature fell to 10 degrees below zero and no snow.

Storm General in Minnesota.

St. Paul, Feb. 2.—A snowstorm which promised to be a heavy one set in Tuesday evening and the wind is gradually changing to the northwest. Reports from a number of points indicate that the storm is general in southern and western Minnesota.

Traffic Seriously Impeded.

Lansing, Mich., Feb. 2.—All trains in Michigan are generally behind time owing to the drifting snow, the east and west roads being particularly unfortunate. Traffic is seriously impeded throughout the state, the storm being the worst of the season.

Storm Reaches Iowa.

Sioux City, Feb. 2.—A severe blizzard reached here Tuesday night. There is a high wind and much snow. Railway traffic is delayed and must suffer seriously.

Many Lives Lost at Sea.

Plymouth, Feb. 2.—The mail steamer Channel Queen has been totally wrecked off the island of Guernsey. Twenty-two persons were drowned—the chief engineer, three stokers and eighteen passengers, including fourteen onion-sellers, who were drowned in their cabins when the sea swamped the vessel.

Anson May Quit Basball.

Chicago, Feb. 2.—So far as the Chicago Baseball club is concerned, Adrien Constantine Anson, the most famous figure in the world in the history of the game, has been moved off the board. It is said to be probable that Anson will never play professional baseball again.

Senator Turley Re-Elected.

Nashville, Tenn., Feb. 2.—The senatorial deadlock has ended in the re-election of Senator T. B. Turley, the present incumbent. He will fill out the unexpired term of Senator I. G. Harris—three years. In politics he is a Chicago-platform democrat.

Was John Brennan Murdered?

Cedar Falls, Iowa, Feb. 2.—The dead body of John Brennan, an Eagle Center farmer, who disappeared Sunday at Dysart, has been found, and as a mark of a hard blow is evident on the stomach it is believed he was murdered. The police are at work.

Regiments of the Czar's Soldiers Being Sent Into Manchuria—Fresh Demands Made on China by Germany—Great Britain's Position.

London, Feb. 2.—A dispatch to the Daily Mail from Nagasaki says: "The far eastern situation is very serious, and it is believed that Japan is actively preparing for war."

London, Feb. 2.—A dispatch from Shanghai says that several thousand Russian troops, which have been guarding the Trans-Siberian railroad, have entered Manchuria with the consent of the Peking authorities.

Germany demands that Port Arthur and Ta-lien-Wan be made free ports.

Germany demands further concessions in the shape of railroads in the Shan-Tung peninsula, as compensation for the assassination of the sailor Schultz, who was murdered by a Chinese mob while on sentry duty.

The railway concession demanded is for a line south of Kiao-Chou. The land already conceded amounts to 100 li (about 300 cables) around Kiao-Chou bay.

Trustworthy Chinese assert that the killing of Schultz (the German sentry) was justifiable homicide and due to his own misconduct.

The Tsing-ki-Yamen proposed to divide the loan equally between Great Britain and Russia.

The critical point of the loan negotiations was Great Britain's insistence that the British should always remain at the head of the Yang Tse Kiang Valley customs and assume their full administration in case of default.

A dispatch to the Standard from Kobe, Japan, says the Emperor of Corea refuses to reside at the Russian legation, and the pro-Russian foreign minister has resigned.

The Times' correspondent at Kobe says: "There are repeated rumors from Seoul that the Russian agent, M. Alexeoff, is trying to persuade the emperor of Corea to reoccupy the Russian legation. It is reported also that, as a result of the agitation against Russian influence, a pro-Russian minister has been dismissed."

The Peking correspondent of the Times says that Great Britain has definitely withdrawn her demand for the opening of Taliens-Wan.

Sir Richard Webster, the attorney-general speaking at Ventnor, Isle of Wight, on the Chinese trouble, said that the United States was supporting Great Britain's policy with surprising unanimity. He declared that if Great Britain were compelled to fight for this cause and should lose, the British people would have a "quick and glorious death instead of the slow starvation which the loss of trade would mean to the nation."

TO UNITE SILVER FORCES.

Ex-Senator Dubois Goes East to Confer with Party Leaders.

Blackfoot, Idaho, Feb. 2.—Ex-Senator Dubois, chairman of the executive committee of the national silver republicans, left for the east at the urgent request of the national silver leaders to confer with them with a view to uniting all the silver forces. Before leaving the senator stated that the vote in the senate in favor of the Teller resolution had convinced the silver advocates that with a close union all along the line victory in 1898 and 1900 is certain. He further stated that recent developments indicated clearly that mutual concessions would be made and such co-operation brought about. Under the contemplated arrangement the populists, silver republican and democratic parties will each maintain a distinct organization.

Hitchcock Not in Contempt.

Omaha, Neb., Feb. 2.—Judge Keyser of the district court Tuesday handed down a decision in the contempt case of Gilbert M. Hitchcock, publisher of the World-Herald. The license board of Omaha passed a resolution giving the World-Herald the right to publish certain saloon notices. Judge Keyser issued an injunction prohibiting the World-Herald from publishing the resolution. The World-Herald, however, published the resolution, whereupon Mr. Hitchcock was cited for contempt of court. Judge Keyser in his decision purges Mr. Hitchcock of contempt, and holds that the prohibitory order was not, as claimed, an attempt to abridge the liberty of the press.

Iowa Legislative Affairs.

Des Moines, Iowa, Feb. 2.—The hearings before the appropriation committees of the general assembly began Tuesday. The trustees of the Orphans' home at Davenport appeared and asked for \$50,000. The house passed the Smith bill by a vote of 90 to 1, which puts into effect immediately a law passed by the extra session of the assembly cutting the pay of the state binder and printer.

New Inquiry at Versailles, Ind.

Indianapolis, Ind., Feb. 2.—A grand jury was sworn in at Versailles, Ripley County Tuesday, and the state authorities will at once lay before the jury information in reference to the lynching of last September. The information gathered by the detectives employed by the state, it is said, implicates between fifty and sixty men, and the state will ask that every one of them be indicted.

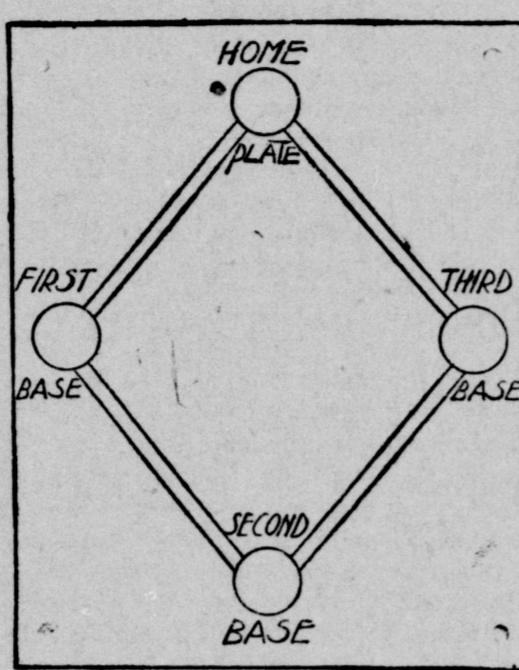

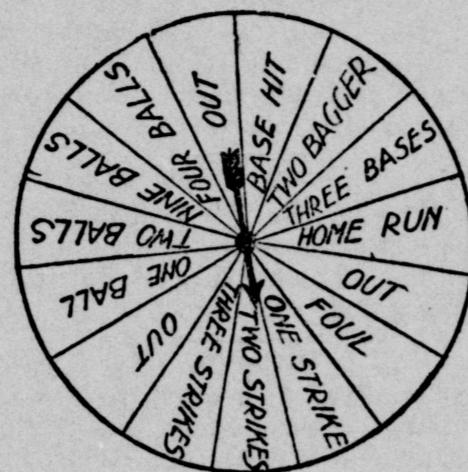

Ex-Empress Eugenie Very Ill.

London, Feb. 2.—Ex-Empress Eugenie is physically breaking down and as she has no constitution to withstand a long siege of sickness, her condition is such as to give anxiety to her circle of devoted friends. She suffered from severe chest troubles early in the winter and lately has been a martyr to inflammatory rheumatism.

INDOOR BASEBALL.

A Clever Adaptation of the Great American Game.

It takes a stretch of the imagination to adapt the robust American game to household entertainment, but this is what is done in parlor baseball. Take a large sheet of cardboard and draw on it a base ball diamond, showing the home plate, first, second and third bases. At each of the bases mark off a circular space for the base runners. Each player is supplied with nine pieces, each separate nine being of a distinct color. On another rather large sheet of cardboard draw a circle, divided off into 15 spaces, the lines of division coming together, of course, in the center. Attach an arrow or any other form of indicator to the center of this card-

PARLOR BASEBALL.

board and label the spaces "base hit," "two bagger," "three bases," "home run," "foul," "one strike," "two strikes," "three strikes," "out," "one ball," "two balls," "three balls," "four balls," and on the remaining two spaces "out" again.

The player who goes first to bat flips the arrow. Suppose it stops at "base hit." He advances one of his counters or men to the circular space at first base. His second man is now put in the space at home plate, or "at the bat." Again the arrow is spun. This time it may fall at "two strikes," and herein is one of the delightful possibilities of the game. The same counter remains at the bat and the arrow is sent spinning again. If it stops on "one strike," "two strikes," "three strikes" or "out," the man at the bat retires and another counter takes his place with a record of "one out" for the team at bat. If, however, the arrow should indicate, for example, the "two bagger" space, then the man on first advances to third and the man at bat goes to second base. Another hit will bring in one run. And so it goes. Men on bases are not permitted to advance on strikes.

Wales Quits Yachting.

The Prince of Wales will not take part in any yacht racing next season, and he has released Captain Carter, his skipper. Captain Carter is one of the best yachting sailors in England, and among other yachts he has sailed the Lancer, Gondola, Sayonara, Thalia, Britannia and the Gestina when that yacht raced for the America's cup against the Puritan. Captain Carter has been engaged by Charles Linday Orr-Ewing to sail his new schooner yacht which is now being built by the Hendersons at Glasgow from designs by George L. Watson.

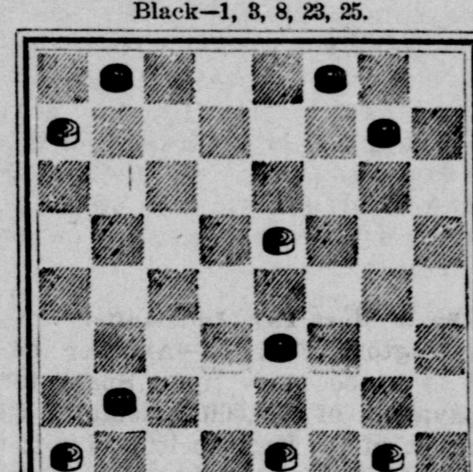

Galtee More a Klondike.

Galtee More, the celebrated Irish race horse, is the greatest money winner in the world. In actual racing time of 18 minutes 9 seconds he has earned \$113,000. This is at the rate of \$104 per second, calculating two jumps for every second of time. Galtee More earned \$52 for every jump he took in his winning races on the English turf this year.

EVENING ATTIRE.

The Correct Styles For Ball, Theater and Concert Wear.

Tulle, crapes, mousselines de soie and gauzes—these are the materials for ball gowns, vaporous effects being demanded by fashion. Although ball gowns of pale velvet are worn, it is not by the dancers, but by those whom desire or social necessity takes to the festive scene as an onlooker. These velvet costumes even cast a sop to Cerberus in the form of filmy adornments of lace or tulle upon the corseage. When dancing toilets are not entirely of thin goods, but are of moire, satin or taffeta, they are lavishly trimmed with ruchings, ruffles, flounces, plaitings and draperies of sheer material.

As for decorations, perhaps the newest is narrow chenille, which is sewed upon revers, flounces, etc., in groups of bands in which the colors are shaded, a decided novelty. Nets of chenille are also used as sleeves and for drapery of various descriptions.

Theater gowns are usually rather plain as to the skirt, since that is not only out of sight, but subject to much compression and crushing. It is for theater and concert wear that the separate bodice is in its glory, any dark and rather plain skirt

serving the purpose of completing the costume. Black satin, moire or velvet skirts are very suitable. A favorite style of theater bodice in Paris is a blouse of white lace over white or tinted taffeta, with ribbon trimmings to match the silk. These wide ribbons are sewed in at the shoulder seams and the neck and form vertical bands following the lines of the blouse and gathered in at the belt, which is of velvet of the same color. Elbow sleeves are often seen or sleeves of half length, the gloves, of course, coming up to meet them.

The picture shows an evening gown having a trained skirt of white bengaline, around the foot of which are three ruffles of white mousseline de soie. On each side is a panel of guipure embroidered with gold. The mousseline de soie bodice is draped horizontally and has a vest of embroidered guipure framed by puffs. The puffed sleeves are of mousseline de soie. A cluster of yellow roses is placed at the left side of the decolletage.

Bodices, Bonnets and Accessories Which Please the Fashionable Eye.

Cravats of lace or plaited taffeta, ruches and jeweled collars and belts are the accessories of fashionable theater bodices. For the lace jabots bits of valuable lace are employed which are too small for utilizing on more important costumes.

Theater hats or bonnets or coiffures or whatever they may be called are so small as to properly come under no specific classification. They are neither toques nor capotes. Sometimes they are nothing more than a little coronet of small loops of ribbon, with two or three erect coques and a glittering buckle in front. These are delicate, becoming, feminine, convenient and display the hair to advantage. In fact, they are highly to be commended in every respect except that of a head covering on a winter's night.

Fans of curled plumes are carried at the theater, the plumage being often of min-

gled tints. Watteau and empire fans are exceedingly fashionable, but perhaps the most effective theater fan is that embroidered with spangles of gold or steel.

A great deal of work—and money—is spent on the outside of opera glasses, which are set with jewels, engraved or enameled. The glasses are carried in a little bag of damask, lined with bright silk and tied with ribbons to match, a case of the same kind being made for the fan.

Violet, new mown hay, heliotrope, iris, white lilac and orchid are the fashionable

perfumes. An entire absence of odor is perhaps still more elegant.

The pretty little toque of which an illustration is given is suitable for a day reception or wedding and is of old rose velvet, gracefully draped. At the left side are six ears of velvet, three long and erect, three short and resting on the hair. They are held together by a jeweled ornament.

JUDIC CHOLLET.

The Sly Husband.

"There goes Stubbins trying to fool the neighbors. His wife is away from home, and he wants the woman next door to tell her what a dull time he had."

"What has he got in that basket?" "His dress suit."—Cleveland Plain Dealer.

From the Novelist's Standpoint.

Woman suffrage is often said to be in the air. One evidence is the entirely incidental way in which the subject is frequently referred to in present day fiction. The hero in Paul Leicester Ford's successful novel "Peter Stirling" thus expresses himself: "Broadly speaking, all persons of sound mind are entitled to vote on the men and the laws which are to govern them. Aside from this, every ounce of brain or experience you can add to the ballot makes it more certain. Suppose you say that half the people are too ignorant to vote sensibly. Don't you see that there is an even chance at least that they will vote rightly, and if the wrong half carries the election it is because more intelligent people have voted wrongly, have not voted or have not taken the trouble to try and show the people the right way, but have left them to the mercies of the demagogue? If we grant that every man who takes care of himself has some brain and some experience, his vote is of some value, even if not a high one. Suppose we have a gold eagle and a thousand pennies. Are we any better off by tossing away the coppers because each is worth so little? That is why I have always advocated giving the franchise to women. If we can add 10,000 voters to an election, we have added just so much knowledge to it, and made it just so much harder to mislead or buy enough votes to change results."

Southern Women's Clubs.

When a southern woman becomes awakened to a need, she is very much awake, and women's clubs in the south are doing some good work. The Knoxville women have been among the latest to become inoculated with the clubhouse germ. The Knoxville building at the Centennial last year prepared the way for the germs. It was put up with the idea that it might some time be taken down and put up elsewhere. The women who have formed themselves into a Centennial Building association have secured the building, obtained a lease of an old courthouse lot for ten years from the city, and as soon as they can obtain the money for the removal of the building they will have their clubhouse delivered to them bodily and in good order. It is to be a permanent structure, where all the women's organizations of the city can meet.—New York Times.

Fashion Whispers.

Among the coming fashions, just whispered about as yet, are the following: Short pad bustles, long skirt bustles, panniers, high heels, small, very close fitting sleeves, devoid of even the saving grace of a frill or puff at the top, and short, bunchy curls dangling at the back of the head. The passing of the awful "picture hat" of the winter is also announced.

Believes in Women Doctors.

Lord Sandhurst, governor of Bombay, is a strong believer in women doctors, and at the recent opening of a hospital, which is in charge of a woman, he said that those who made fun of the new woman's desire to follow the medical profession could have no idea what a blessing such women were to the unfortunate of their sex.

The Lend a Hand club is an organization formed by a body of Baltimore women. Its object is to promote any just and good cause in the state. A committee of the club has been appointed to visit New York and study the policy and methods of metropolitan clubs.

"Sandwich women" have just made their appearance in London. They are young and good looking and wear picturesque costumes of white, with white hats. Their faces, however, are generally red on account of the insulting remarks which are made to them.

No sooner was La Fronde started in Paris with women for compositors and printers than the government interfered with it for violating the law prohibiting night work for girls, recently passed at the instance of the advocates of women's rights.

Professor Leo Reinesch, the distinguished oriental scholar, signalized his retirement from the rectorship of the University of Vienna by taking strong grounds in favor of higher female education.

To Denver in Less Than 28 Hours—Only One Night En Route—"The Colorado Special."

Beginning Sunday, February 6, a new train will be placed in service between Chicago and Denver via the Chicago, Union Pacific & Northwestern Line, which will make the fastest schedule ever maintained between Chicago and Colorado's Capital City.

This train will be known as the "Colorado Special" and will leave Chicago via the Chicago & North Western Ry. at 10 a. m. every day and reach Denver at 1:30 the following afternoon, the westbound time at certain intermediate stations to be approximately as follows: DeKalb, 11:30 a. m.; Clinton, 1:25 p. m.; Cedar Rapids, 3:30 p. m.; Belle Plaine, 4:30 p. m.; Tama, 4:55 p. m.; Marshalltown, 5:25 p. m.; Ames, 6:15 p. m.; Boone, 6:40 p. m.; Carroll, 8:25 p. m.; Mo. Valley, 10:40 p. m.; Council Bluffs, 11:20 p. m.; U P. Transfer, 11:30 p. m.; Omaha, 11:55 p. m., all the same day. Eastbound, this train will leave Denver daily at 3:30 p. m. and reach Chicago 8:45 the next evening. As connections will be made in the Union depot at Denver and from the trains of all the Colorado lines, passengers will thus be afforded the very best opportunities for quick transit between Chicago and all points in Colorado and the west.

Train will be restabled throughout, lighted with Pintech gas, and will consist of drawing room, sleeping cars, free reclining chair cars, buffet, smoking and library cars, coaches and dining cars serving all meals en route. A feature in connection with the service of this train, which will be appreciated by tourists, is that it will afford an opportunity for a daylight ride through the progressive and thickly settled portions of Illinois and Iowa, which have been impossible heretofore, as all trains for Denver have left Chicago in the evening.

Daily service to Denver via the Pacific Limited leaving Chicago at 10:30 p. m. will be continued.

WAITING FOR CONGRESS.

Postal Authorities Defer Their Decision as to Mail Deliveries.

Washington, Feb. 2.—It is officially announced that the determination reached by the postal authorities to defer action looking to a reduction of the mail deliveries in the larger cities of the east in order to avoid a delay in the appropriation was in deference to the large number of protests that had been made by delegations of representative citizens and members of congress. This decision will be adhered to, for a time at least, to ascertain if there is any intention on the part of congress to grant the postoffice department the \$136,000 which General Gary has estimated will carry the service through the remainder of the fiscal year on the present basis. It is also suggested that congress may take the matter of limiting the number of deliveries in the sections of cities into its own hands and in explicit language indicate just how many there should be. This course would be satisfactory to the postal officials, who, in the event of protests and remonstrances, would have no recourse but to carry out the law. The postoffice appropriation bill, it is expected, will soon be reported to the house, and then the question will be debated and the matter settled.

THE NICARAGUAN CANAL.

President Zelaya Would Deal Directly with the United States.

New York, Feb. 2.—A local paper prints an interview with President Zelaya of Nicaragua, obtained by its correspondent in Managua.

"Nicaragua would prefer dealing directly with the United States," said Zelaya, "in the matter of a canal across our country. The canal company has not lived up to its obligations—those included in the concession—and we consider that it has deceived us and we believe that further dealings with it would only result in further deception. For this reason we would prefer dealing directly with your government, knowing that that is stable, which the canal company is not. We consider that the concessions which are now held by the canal company expired some time since, and that they are therefore void, although the canal company thinks differently."

Jealousy Results in a Tragedy.

Chicago, Feb. 2.—Mrs. Mary Lackner died at the German hospital this morning from the effects of wounds inflicted Jan. 21 by her husband, Cas. Lackner, who afterwards shot and killed himself. Neighbors assert jealousy as the cause of the tragedy.

Joseph Holloman Is Dying.

Springfield, Ill., Feb. 2.—Joseph Holloman, the well-known Chicago newspaper man, is lying at the point of death in this city. He has long been in feeble health.

Home Made Soap.

Users of large quantities of Soap give WHITE NICKEL the best of recommendations. We have many testimonials from them, one of which we give today:

"The WHITE NICKEL SOAP CHIPS purchased of you are superior for washing linen fabrics and the very best for cleansing flannels, which, with their use do not shrink. In fact, I have never used a Soap equal in all ways to WHITE NICKEL."

H. S. SIKES,
Proprietor Whitewater Steam Laundry.

These Soap chips are same as WHITE NICKEL SOAP only in different form. One bar of WHITE NICKEL does the work of two bars of other Soaps. It is made only of pure tallow and cocoanut oil. No harmful ingredients. Ask your grocer for WHITE NICKEL SOAP.

INDIANA DISTRICT MEETINGS.

State Committee Chosen to Serve Until January 1900.

Indianapolis, Ind., Feb. 2.—The Republicans of Indiana, in their district conventions, elected a state committee Tuesday which will serve until January, 1900. The committee is made up as follows: First district, George A. Cunningham, Evansville; Second, Joseph Ehnley, Bloomington; third, Geo. W. Self, Corydon; Fourth, Thomas McNutt, Madison; Fifth, Nicholas Filbeck, Terre Haute; Sixth, Miles K. Moffett, Connersville; Seventh, Harry S. New, Indianapolis; Eighth, M. L. Case, Dunkirk; Ninth, Fred A. Sims, Frankfort; Tenth, Thomas McCoy, Remsen; Eleventh, Warren Bigler, Wabash; Twelfth, William J. Vesey, Fort Wayne; Thirteenth, Elmer Crockett, South Bend.

The new committee will meet here next Tuesday to elect a chairman. Only six of the old committee men were re-elected, and the party leaders believe the committee is one that will be disposed to encourage the return of ex-President Harrison to the councils of the party in the state.

The new members of the committee are McNutt of Madison, Moffett of Connersville, New of Indianapolis, Bigler of Wabash, Vesey of Fort Wayne, Crockett of South Bend, and Ehnley of Bloomington. The reports from the thirteen conventions show that the at-

A 'cheap' Sewing Machine May Be Too Cheap.

BUYING MACHINES FROM strangers is costly business. We sell machines as cheap as reliable machines can be put on the market. We back them with a positive five year guarantee—our personal guarantee and the maker's. The makers are the National Sewing Machine Co. of Belvidere, one of the largest concerns in the country. They turn out 500 machines a day, and can build thoroughly good machines on the closest possible margins. We show four of their best sellers:

At \$16 "Expert".

At \$20 "Seamstress."

At \$25 "Eldredge B."

At \$30 Eldredge B (Drop Head).

OUR \$16 machine is worth two of any other low-priced machine on the market and is backed by a sweeping five year guarantee. Every part is case hardened. All parts are interchangeable, so that repairs can be had on a day's notice. The machines will last a life time. They are built by skilled mechanics. They are built in a factory; not in a foundry. They are backed by a responsible firm and if anything goes wrong you know where to come.
